Hacker-rank: [suban14925](#)

Skills

Languages:	C/C++ JavaScript Python SQL
Frameworks:	MySQL Express.js, React.js, Node.js - MERN Stack
Databases:	PostgreSQL MySQL Mongo DB Atlas
Tools:	GIT AWS PostMan Firebase

Professional Experience

Front-End Developer at Lonely Bag (FoodTech Startup)

FEB`25 – APR`25

- Built an high-performance page using Next.js and optimised the load speed and implemented cache management
- Implemented Tailwind CSS and Shadcn UI to ensure consistent styling and responsive design across all devices.

Technologies Used: TypeScript, React, Tailwind CSS, Shadcn UI.

Projects

Agri-Tech Website App (Seed Connect) Aug `23

[GitHub Code](#)

- Developed a Website that connects farmers directly with retailers, ensuring fair crop prices by eliminating middlemen.
- Integrated Razor-pay to enable seamless payment transactions between farmers and retailers.

Technologies Used: React.js, Node.js, Express.js, Mongo DB Atlas.

Food-Delivery Landing Page (.Tomato) Jan `24

[GitHub Code](#) | [Live Link](#) | [Admin Link](#)

- Created a high-performance food delivery page featuring a dynamic listing of 20 food items with add-to-cart functionality.
- Integrated Striper for seamless and secure payment transactions for customers.

Technologies Used: React.js, Node.js, Express.js, Mongo DB Atlas.

Achievements

-
- ❖ Achieved 2nd Runner-up in an Inter-College Hackathon for designing and developing a functional website.
 - ❖ Achieved an All India Rank of 3,808 in MHT-CET with a percentile score of 97.81%.

Competitions

Edu-Tech Website App (Code Store) Aug `24

[GitHub Code](#)

- Developed a user interface for an educational platform and integrated Firebase for authentication and data transfer
- This work helped our team to qualify for the state-level competition by surpassing the college-level round,
- Integrated Striper for seamless and secure payment transactions for customers.

Technologies Used: React.js, Firebase.

Education

Thadomal Shahani Engineering College (TSEC) Mumbai University

Nov`22 - Present

Bachelor of Engineering – Computer Engineering ; CGPA: 8.48/10 (till Semester-5)
